## Description

Make your popout extensible, and it can have some tab, diagram and accordeon  
Diagram can now be display event if they aren't on the top level

## Screen Shot

The screenshot displays a web application interface with a sidebar on the left and a main content area on the right. The sidebar contains a welcome message, a list of navigation items, and a section titled 'Mes favoris' (My favorites) with a button labeled 'Recruter des collaborateurs' (Recruit collaborators). The main content area is titled 'Recruter des collaborateurs' and features a tabbed interface with tabs for 'Général', 'Appli et données', 'Docs', 'Diagramme', and 'Tab4'. The 'Tab4' tab is active, showing a table with columns: 'Options', 'Ordre', 'Nom', 'Type', 'Comportement', 'Tâche de contrôle', and 'Composant Technique'. The table lists four tasks, each with a status of 'Non défini' and a control task marked with a red 'X'. The tasks are: 'Accueillir le nouvel employé au RH', 'Accueillir le nouvel employé dans son service', 'Finaliser les formalités administratives', and 'Finaliser le dossier de référencement du collaborateur'. Each task has a corresponding 'Composant Technique' section with a list of components.
